Isaac Tubonibo Iyaye-Williams

Full stack Web Developer | Blockchain Developer
2 years of experience | isaaciyaye174@gmail.com | (+234) 8129405476

About

I am self-taught and I love creating high-quality web applications, my technical expertise includes proficiency in front-end and back-end development as well as experience with various web development frameworks and programming languages.

I am also skilled in smart contract development, allowing me to create efficient and scalable solutions that leverage the power of block chain technology

Objective

To be in a surrounding where my expertise, proficiency and passion for innovation can be utilized to build robust and secure centralized and/or decentralized applications,

With m strong problem-solving skills and ability to work collaboratively, I aim to contribute to the success of the team and deliver cutting-edge solutions that meet business objectives
